SUPPORT BY SPECIALIZED AGENCIES AND ORGANIZATIONS OF THE UNITED NATIONS SYSTEM TO NON-SELF-GOVERNING TERRITORIES

International Civil Aviation Organization (ICAO)

With reference to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples, the needs for assistance of newly independent and emerging States are given careful attention by ICAO, particularly through its Technical Cooperation Programme and the ICAO regional offices. Its programmes also take into account the special needs of the least developed countries and landlocked and island developing countries. However, declining resources in the technical cooperation field make it increasingly difficult for ICAO to provide the necessary assistance to ensure the safe and efficient development of air transport as an important tool for economic development.
